# Empower Your Leadership Journey

## Target Group

Whether you have been a leader for some time or you are new to the role, this program is for you if:

- You need foundational leadership theory and effective tools
- You have transitioned from a specialist to a leadership role
- You want to strengthen and expand your leadership skills

## Purpose

Transform from a good manager to a great leader. This program will help you:

- Define your leadership framework
- Become a role model for your team
- Stay innovative while driving business growth

## Personal Benefits

- Establish and shape your leadership style now and in the future
- Gain hands-on tools to enhance your leadership effectiveness
- Join a valuable network of fellow leaders

## Company Benefits

- Gain a leader who's well-equipped to support the company's growth
- Benefit from a leader with hands-on leadership tools
- Foster a motivating leader who understands and utilizes personal strengths

## Program Modules

### Module A

*Prioritization and Delegation – Personal Leadership, Motivation, Roles & Responsibilities.* 9th - 10th September 2025 (2 days)

### Module B

*Communication and Coaching – Includes Diversity, Equity & Inclusion (DE&I).* 28th - 29th October 2025 (2 days)

### Module C

*Team Roles and Emotional Intelligence (EQ) – Focus on the future of leadership.* 9th December 2025 (1 day)

A buddy from the program will be assigned to support you.  
Unique price for the DTU Science Park Community.

*The program will be conducted in English unless all participants are Danish speakers.*
